

Dear Teammate,

Our organization hosts many events throughout the year that bring the larger community together and raise the funds needed to help us change kids' lives. To make these special events a success, we need all hands on deck.

Full-time team members are expected to be available to work each event, whether the event falls on a workday, weekend or evening. We encourage you to plan ahead to avoid scheduling conflicts, as we may be unable to approve requests for time off that conflicts with an event. We also ask that you provide flexibility during the week of the event, as we may need to adjust typical work schedules.

Please take a minute to review the 2018 Calendar of Events below and mark your calendar. Any changes to the calendar will be communicated to you as early as possible. As each event approaches, you will also learn more about the event schedule and any adjustments needed to your work schedule leading up to the event.

We appreciate your commitment to the youth of Sonoma and Marin Counties and look forward to your participation in our fundraising efforts throughout the year.

Thank you!

2018 Calendar of Events
